President's Greeting: Nancy Uhlmansiek

Summer 2010

Inside this issue:

Dear Alliance Members,
 It was a pleasure taking over the President's gavel at our Annual Meeting at the Pacific Northwest Dental Conference. Our organization is alive and well, however, we have some challenges ahead of us to work toward. Everyday we are reminded that these are exciting and rapidly changing times and changing times call for new and different ways of doing things. In these fast-changing times where the interests of the younger people are quickly evolving, we need to review what we are doing to ensure that we remain relevant to the younger generations. We are challenged to

rethink our mission statement and our organizational approach by possibly committee rather than officers as well as the way we meet.

We will be having our next AWSDA meeting during the WSDA House of Delegates meeting on September 9th and 10th at Semiahmoo Resort in Blaine, WA. On the evening of September 9th from 7 to 9 PM in the Pender Room, Rhonda Savage, DDS, Dentist, Consultant and Speaker for Linda Miles & Associates will be giving a complementary presentation "rethink your potential" where she will address the fact that times have changed. She will update us on women's health issues and how we will have the ability to influence, develop and cultivate the care of women as seen in your practice as well as within your family. We would love to have you attend! It will be a very informative presentation. **Please attend if you are coming to the HOD at Semiahmoo Resort with your spouse!** Our national AADA President, Carol Reitz, who is from Reading, PA, will be visiting with us also. Carol is a dynamic person who has gotten much accomplished during her presidential term and the other various positions she has held in the Alliance.

The ADA Convention will be held in Orlando this October 9 – 12. Our AADA Convention will be held October 7 – 11. We would also like to invite you to join us for one or all events if you are going to be in Orlando. Our AWSDA group will be receiving several Member Project Awards at the AADA Member Project Awards Breakfast.

During our year we have outings and lunch at various interesting places around Seattle, whether it is a tour of Olympic Sculpture Park or the Chapel of St. Ignatius at Seattle University or a candy company in Woodinville. In the past years, we have gone to many interesting places.

Dentistry has been very good to our family and has provided a wonderful life. I enjoy giving back through our Alliance. The Alliance is rewarding, educational and fun! Please e-mail me if you are interested in being involved in anything we do. We would love to have you.

Sincerely,
 Nancy Uhlmansiek
 2010-2011 President

Is this something you've always wanted to do? A thought gleaned from Wendy Zent's award application: The word LAW has 18 different meanings. Number one is--the principles and regulations emanating from a government and applicable to a people, whether in the form of legislation or of custom and policies recognized and enforced by judicial decision. LAWS are what we live by and what tells us what to do. This is why the dental profession and we must always be alert to bills concerning how LAWS can affect dentistry.

Well Being: Mary Ellen Psaltis

The Council on Well Being is moving ahead with plans to launch a single page, monthly e-zine packed with tidbits on health, practice management, nutritional eating, ideas for tonight's dinner and family life. It will not be in place of The Key nor is it meant to replicate any of that information. The idea is to provide useful, member-driven ideas for living well everyday. It will be a place to share a travel trip or ask a question. You can share your joys and concerns. In addition to providing information, the e-zine will be a place where members can connect with each other for specific reasons.

If you have a favorite tip in any of the above categories, please let me know. We are putting together our first blast.

I look forward to hearing from you.
